

**PRESS RELEASE  
FOR IMMEDIATE RELEASE**

**Marion County Board of Commissioners regarding Water Bills with High Consumption.**

**The Marion County Board of Commissioners has concluded our audit regarding water bills that you may have received with a high consumption on this last billing cycle. If you are a citizen that was affected by this, please reach out to us and we will let you know your balance due.**

**Please remember this did not affect everyone's bill. If your bill appears to be a typical two-month cycle those will not be addressed. If you have any questions, please give us a call at 229/649-3490 or 229/649-2603. Our staff is currently returning calls to those who have reached out with a complaint. I ask that you be patient, if your call goes to voicemail, leave a message and someone will return your call.**

**We understand your frustration over the last few weeks but appreciate you allowing us the time to review and audit these accounts. There are things we have in the works for our Water Department and as decisions are made, I will keep you updated.**
